- Workforce reductions
- Slowing down of faculty hiring
- Academic program elimination and reduction
- Fewer Library collections
- Reduced Library hours
- Consolidation of academic units
- Less maintenance of facilities
- A reduced amount of Financial Aid

FY17 Budget Projection

- Current FY17 Projected Budget Gap is \$40.2M
- UConn is bracing for additional cuts in FY16 and a lower appropriation for FY17 due to recent State budget news

Going Forward

Goal: Keep UConn great by protecting quality in the face of shortfalls in State funding, through generation of the necessary resources and encouraging efficiency and cost reductions.

Tools Used for Balancing the Budget

UConn continuously uses the following tools to balance the budget:

Revenue Options

- Increased class sizes
- Fewer courses offered
- Elimination of sports
- Lack of police and fire personnel
- Scarcity of mental health resources
- Reduced maintenance of facilities
- Less access for low-income students
- Elimination of academic programs or departments
- Less GA/TA support available

Next Steps

- Due to State cuts and rising mandatory costs, UConn is projected to have a Budget Gap in FY17
- UConn will need to address the Budget Gap with multiple solutions, including cost reductions, efficiencies, and increased revenue or the University is in danger of losing the major gains that have been made with respect to academic quality, including faculty hiring, course offerings, and student success
- Need to decide on tuition for FY17 – FY20
